P R O F I L E

Passionate and enthusiastic frontend developer eager to start my professional journey in the web development industry. With a strong foundation in HTML, CSS, and JavaScript, I am committed to building visually appealing and user-friendly websites. My education and personal projects have equipped me with the skills to tackle real-world challenges, and I am excited to bring my creativity and problem-solving abilities to a professional setting.

P R O J E C T S

Q U I Z   W E B S I T E

It is a quiz app where we can select category and take the quiz after completion it will show the position in the leaderboard table. Designed the application using HTML, CSS, JAVASCRIPT.

P O R T F O L I O

This project involves designing a visually appealing and responsive portfolio website with smooth UI/UX.The goal is to create a professional and modern online presence using HTML and CSS.

T O - D O   L I S T   W E B S I T E

I t is a to-do list which is a simple yet effective tool to organize tasks and manage time efficiently, helping you stay on track and boost productivity. List and prioritize your daily, weekly, or long-term goals to ensure nothing is forgotten.
